Overdraft Transfer Service

Everyone makes mistakes. You shouldn't have to pay big bucks for yours. LGFCU offers Overdraft Transfer Service[†], which can help protect against high fees associated with a transaction returned due to insufficient funds. You can select another Checking, Share or Money Market account, an open-end personal loan or home equity loan to be used for automatic transfer in the event funds are not available to pay an item.

Convenience

Enjoy the convenience of mobile[‡] payments through digital wallets like Apple Pay[®], Samsung Pay[®], and Google Pay[™]. For more information, visit lgfcu.org/mobile-payments.

Eliminate the wait for checks in the mail or the worry of carrying your check with you. Sign up for Direct Deposit^Δ to have your paycheck easily deposited into your Checking Account each payday. For more information, visit lgfcu.org/directdeposit.

* Initial deposit must cover the first \$1 monthly maintenance fee and as applicable, the first box of checks ordered.
